Handlebars with TÜV - Technical Report

Handlebars without technical report are marked with a *!

"V - Bars"

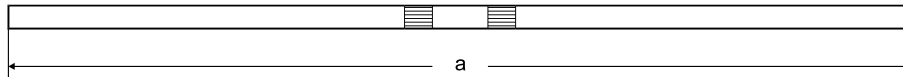

V-Bars can be mounted only with single twistable risers because they have only one bending in the middle of the clamps (L V 1) or model (L V 3) one bending in the middle of the clamps and one bending each side outside the clamps to compensate the stronger inclination of the fork.

To mount the model (L V 3) is only possible until a max. width of the clamps (riser) of 135 mm.

T-Bar Handlebar

T-Bar handlebar with thread in the vertical tubes (hole distance 100 mm). The handlebars are mounted with a screw on the triple tree. The screw must be mounted from below through the triple tree inside the vertical handlebar tubes. For some motorcycle models we have mounting kits, for other models you have to make the mounting like the description of the TÜV-technical report.

Handlebars with integrated turnlights

Article:	a	b	c	d	e	Order No.:		EUR without Tax	EUR incl. 19% Tax	
Handlebar from tube 25,4 mm Ø (1"), with notch for cables (For all HD from 82 up), with integrated turnlights										
The TÜV-Certificate for BLD 12/13 HD was took back by formalistic (no technical) grounds. The TÜV-inspector can make a single inspection without TÜV-Certificate, but he must not do it. Please ask the inspector before, if he accept the took back TÜV-Certificate as the base of a single inspection or not. Every inspector has the competence for this decision. When the handlebar is registered in your motorcycle papers, all is legal.

Special design motorcycle accessories

We develop and produce motorcycle parts after your request, in some cases quantities from 25 pieces up. For all parts we can make chromium plating in brilliant shining in our firm (if you wish grinded and polished) or powder coating. Stock keeping and delivery we make for you by appointment.

We are certified DIN EN ISO 9001.

Handlebars

- From tube 22 (7/8") und 25,4 (1") and 31,75 (1 1/4") mm Ø, with tube thickness 2 or 3 mm, with notches, holes or slots for inside wiring, too
